Meeting's purposes: Discussion of details related to the previous PA and revision of overall progress.

From: 21:30, November 7th, 2025

To: 22:00, November 7th, 2025

2. Details

What went well:

- The team maintained active and effective communication.
- The tasks were completed with good quality and on time.
- No conflicts arose, especially during the decision-making process.
- All members met their assigned task deadlines.
- The project documentation was completed successfully.

What went wrong: One instance of task misallocation caused the team to receive a low score in the last PA.

Problem encountered: None.

What can be done differently in the next sprint:

- Improve the workflow to increase overall speed and efficiency.
- The distribution of tasks related to PA requirements needs to be more clarified.

Lesson learned:

- Understand requirements of TA more detailed when preparing documents
